

Lake Constance Summer School

»DO IT. Don't even ask questions – just do it!

Without a doubt, enrolling in the summer school course of Lake Constance Arts & Sciences Association was the best decision I have ever made, and it was the best month of my life; hands down. It was fun, it was educational, and it was a life experience everyone should have, and learn from (...). If you want to learn German, this is the way to do it. I learned more in one month than I have in two years of studying the language.«

Alex Furgala, McMaster University, Canada
Alumnus of the Lake Constance Summer School

Lake Constance Arts & Sciences Association

The Lake Constance Arts & Sciences Association supports and facilitates cooperation between higher education institutions around Lake Constance, across four countries. World-leading research universities, universities of applied sciences, teacher training colleges, as well as music and art academies work together under the auspices of the Lake Constance Arts & Sciences Association, creating mutual synergies from their individual strengths and perspectives.

Application deadline

31st of May 2025

As the number of participants is limited, we recommend an early registration at the International Office of your host university. Preliminary program and application form can be downloaded here: <https://bit.ly/4fx6LV7>

Intensive Language Course Levels A 1.1 to B 2.2

Join a diverse community of international students at the Lake Constance Summer School, organized by the Lake Constance Arts & Sciences Association. Our dynamic team offers an intensive German language program enriched with interactive workshops, exciting excursions, and unforgettable social events.

Placement

In order to find you the course group which you fit in most, we ask you to do a placement test before the course starts but also to give us detailed information about your language learning biography and your learning goals.

Content

While our main focus is on improving your everyday German communication skills, we also provide grammar explanations, vocabulary lists, and pronunciation exercises. If you're preparing for an exam, your study program, or a new job, please let us know – we're here to tailor the learning experience to your needs.

Total of course teaching hours

76 hours

Credits

Graded or non-graded certificates of participation with 6 ECTS credits.

Full credits are conditional on regular class attendance, homework assignments completion and participation in written and oral examinations.
