About World Campus

World Campus International is a non-profit organization, providing unique access to Japan.

As a participant, you will get the chance to interact with the local community and learn about Japan and the world. You will be joining various activities together with your fellow travelers.

In the evening, you will be with your host family, gaining unique insight in Japanese daily life. You will experience Japan from an insider's perspective.

There will be three sessions to choose from, each centering around different parts of Japan. Each session lasts approximately three weeks. During that time, you will visit three different cities and interact with people in their communities. You can choose to join one, two, or all three sessions.

If you need a sign- this is it!

Attending the World Campus - Japan program was one of the best decisions I've made - my only complaint was that I didn't stay longer!

I attended the third session of the program and enjoyed all three cities I got to experience in Japan. Staying with a host family is truly an experience like no other and learned more than I ever would if I just came to Japan as a tourist.

You not only leave the program with lasting bonds with your host families, but also all program participants. Every day was unique and you have the opportunity to share your own unique culture and backgrounds.

This is a trip I will never forget and will continue to recommend to students of all ages.
